7 CFR Ch. XIV (1–1–04 Edition)

§ 1434.18 Loan repayments.

(a) A honey producer may repay a nonrecourse marketing assistance loan at a rate that is the lesser of:

(1) The principal, plus interest; or

(2) The alternative repayment rate for honey as determined by the Secretary.

(b) To the extent practicable, CCC shall determine and announce the alternative repayment rate, based upon the prevailing domestic market price for honey, on a monthly basis.

[66 FR 15177, Mar. 15, 2001, as amended at 67 FR 64481, Oct. 18, 2002]

§ 1434.19 Settlement.

The value of the settlement of loans shall be made by CCC on the following basis:

(a) With respect to nonrecourse loans, the schedule of premiums and discounts for the commodity:

(1) If the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(2) If the value of the collateral at settlement is greater than the amount due, such excess shall be retained by CCC and CCC shall have no obligation to pay such amount to any party.

(b) With respect to honey that is delivered from other than an approved warehouse, settlement shall be made by CCC on the basis of the basic loan rate that is in effect for the commodity at the producer's customary delivery point, as determined by CCC.

§ 1434.20 Foreclosure.

(a) Upon maturity and nonpayment of the loan, title to the unredeemed honey securing the loan shall vest in CCC.

(b) If the total amount due on a loan or the unpaid amount of the note and charges, plus interest is not satisfied upon maturity, CCC may remove the honey from storage and assign, transfer, and deliver the honey or documents evidencing title thereto at such time, in such manner, and upon such terms as CCC may determine at public or private sale. Any such disposition may also be effected without removing the honey from storage. The honey

may be processed before sale and CCC may become the purchaser of the whole or any part of the honey at either a public or private sale.

(1) If the value of the collateral computed at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency and CCC may take any action against the producer to recover the deficiency; or

(2) If the proceeds received from the sale of the honey so computed are greater than the sum of the amount due plus any cost incurred by CCC in conducting the sale of the honey, such excess shall be paid to the producer or, if applicable, to any secured creditor of the producer.

§ 1434.21 Loan deficiency payments.

(a) Loan deficiency payments shall be available for 2002–2007 crop honey.

(b) In order to be eligible to receive loan deficiency payment for a crop of honey, the producer must:

(1) Comply with all of the program requirements to be eligible to obtain loan in accordance with this part;

(2) Agree to forego obtaining such loans;

(3) Submitted a request for a honey Loan deficiency payment on the form as CCC prescribes.

(4) Comply with §§ 1434.7 and 1434.8 or provide evidence of production as determined by CCC for such quantity; and

(5) Otherwise comply with all program requirements.

(c) The loan deficiency payment rate for a crop shall be the amount by which the marketing assistance loan rate exceeds the rate at which CCC has announced that producers may repay their marketing assistance loan in accordance with § 1434.18.

(d) The loan deficiency payment applicable to a crop of honey shall be computed by multiplying the loan deficiency payment rate, as determined in accordance with paragraph (e) of this section, by the quantity of honey the producer is eligible to pledge as collateral for a price support loan for which a loan deficiency payment is required.

(e) Notwithstanding any provisions in this section, loan deficiency payments may be based on 100 percent of the net quantity specified on acceptable evidence of disposition of the honey certified as eligible for a loan deficiency payment if CCC determines that such quantity represented the quantity for the number of containers of honey initially certified for the loan deficiency payment when the payment was made.

(f) When applying for an individual loan deficiency payment, each producer agrees:

(1) The producer will provide correct, accurate, and truthful certifications and representations of the loan quantity and all other matters of fact and interest when submitting a request for a honey loan deficiency payment; and

(2) That violation of the terms and conditions of this part will cause harm or damage to CCC in that funds may be disbursed to the producer for a LDP quantity that is not actually in existence or for a quantity for which the producer is not eligible.

(g) For the purposes of this section, violations include any failure to comply with this part or the loan agreement, including but not limited to any incorrect certification.

§ 1434.22 Handling payments and collections not exceeding \$9.99.

In order to avoid administrative costs of making small payments and handling small accounts, amounts of \$9.99 or less that are due the producer will be paid only upon the producer's request. Deficiencies of \$9.99 or less, including interest, may be disregarded unless demand for payment is made by CCC.

§ 1434.23 Death, incompetency, or disappearance; appeals; other loan provisions.

(a) In the case of death, incompetency, or disappearance of any producer who is entitled to the payment of any sum in settlement of a loan, payment shall, upon proper application to the county office that made the loan, be made to the persons who would be entitled to such producer's share under

the regulations contained in part 707 of this title. Applications for loans may be made upon application of a representative of the producer as allowed under standard practice for farm programs.

(b) Appeals of adverse decisions made under this part shall be subject to the provisions of 7 CFR parts 11 and 780.
